The Nano Nagle Student Assistance Fund is designed to assist those students who would benefit from additional funding to offset the cost of educational resources and/or to enhance the student's educational experience and assist him/her to fully engage with the curriculum.

Since 2018 the fund has assisted students in purchasing food, uniforms, school books, class materials and other necessary equipment. Assistance has also been given for school events, transport and other education fees. Cognisant of increasing mental health issues and the need to support the wellbeing of our students, as well as their physical needs, the fund has been expanded to include a range of expenses for which assistance is available to include sourcing and providing psychological testing and counselling.

Application Form can be downloaded from <https://www.ceist.ie/about-us/ceist-documents/>
